

Fun with New Friends

Directions: Moving can be an opportunity for your child to make more friends. Encourage your child to draw himself playing with his new friends in the playground scene and help him label the friend's names.

Family Tip: To help your child make new friends, try practicing with dolls or puppets. Act out a scenario with language he might use to approach a new friend. You can say, "Hi, my name is _____. What's yours?" Encourage your child to think about the qualities of a good friend. Ask, "What does a good friend do?"
