

My New Doctor!

Read about Rosita's trip to meet her new doctor.

Today Mami took Rosita to meet her new doctor. Rosita was nervous, so Mami read her a story about the doctor's office before they left home.

Rosita's new medical team welcomed her into the office. The nurse let her stand on the scale, and the doctor measured how tall she was. "You're growing so fast!" Mami said.

The doctor asked Rosita if she had any questions. Then, she did a quick check-up on Rosita. She first looked at her eyes and ears.

Then, the doctor listened to Rosita's heart beat. Mami asked some questions, and then it was time to go.

After the visit, Rosita talked about all the things she saw in the office. Mami was so proud of how brave Rosita was!
